

12/2/58

U. S. Bureau of Reclamation and
Utah Water & Power Board

applications should have equal priority to the twenty-six applications filed by the Utah Water & Power Board under the Restoration Proclamation and also to equal priority of the two applications filed by the Bureau of Reclamation for Jensen and Ouray projects, and that all forty-two of the Utah Water & Power Board applications be subordinated in priority to the applications filed by the Bureau of Reclamation for the Flaming Gorge Reservoir.

Pursuant to this request, there has been added as an endorsement of the State Engineer to each of the above-numbered applications, the following: "In accordance with the applicant's request by letter dated November 19, 1958, and pursuant to official action of the Utah Water & Power Board at a special meeting held November 14, 1958, the letter and excerpt of meetings thereof are attached to the file of this application. This application shall be subordinate in priority to Application No. 30414 by the U. S. Bureau of Reclamation and equal priority to Applications Nos. 30415 and 30416 by the U. S. Bureau of Reclamation and Applications Nos. 30417 to 30442 inclusive by the Utah Water and Power Board."

There follows a list of the applications filed in accordance with the Restoration Proclamation which gives the application number, the applicant, the priority, and the location by county; the priority of the Flaming Gorge application being established at the date of filing and the priority of all other applications having equal priority as indicated.
